

To have K-LOVE available has been WONDERFUL! While I am grateful to live in a country where we have the privilege of so many choices, when it comes to radio, there are many stations which have a negative influence. K-LOVE offers such encouragment along with humor - a great combination to impact its listeners. I heard about the station through friends and I know of numerous listeners in my neighborhood. Please do not let this positive source be displaced by an LPFM broadcaster!

Thank you!
